INSTALLATION GUIDE

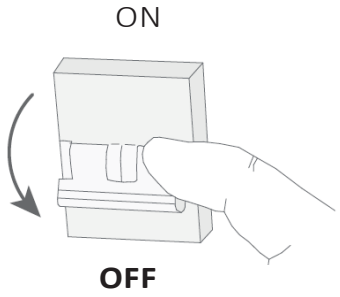

These instruction are made for your safety. Please read them entirely before starting with the installation of the appliance.

This product may only be installed by an authorised electrical installer.

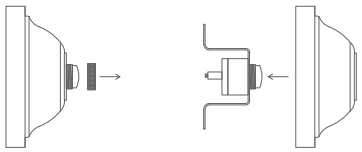

Make sure there are no other cables close by the place of the power cables.

Ensure to switch OFF the fuse before the installation

1

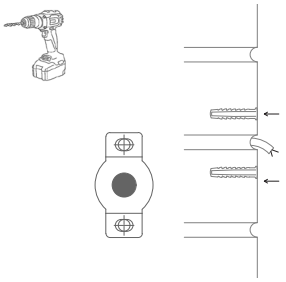

2

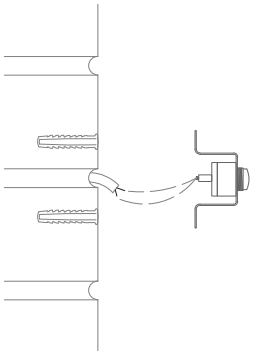

Disconnect the doorbellframe from the base.

3

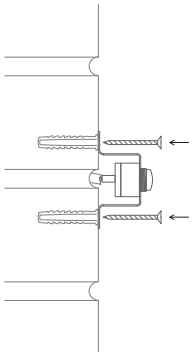

Drill 2 holes in wall. Make sure the position on the wall is correct, because this step affects the position of the doorbell. Place the plugs in the drilled holes.

4

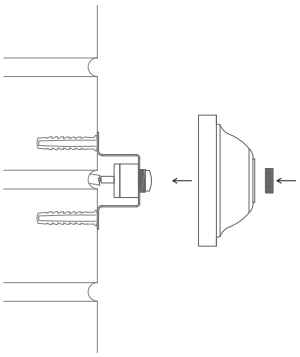

Connect the box wire by thighting the screw.

5

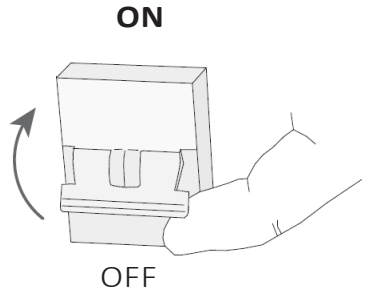

Attach the base of the doorbell on the wall by screwing the 2 screws.

6

Place the doorbell on the base.

7

Be sure the installation is done right before switching ON the fuse.

The appliance is ready for use, enjoy the doorbell.

OTHER IMPORTANT INFORMATION

The warranty is invalidated when the device is opened. Children should be discouraged from playing with the appliances. Mount the appliance on dry surfaces, otherwise it may cause discolouration of the finish. Metal finishes should only be cleaned with a soft, dry cloth. Do not use polishes or abrasives. Keep this installation sheet for future uses.
